

TVD-SNB

TruVision Dome Swan Neck bracket for TVD-CBx and TVF-CBM cup bases

Overview

The TVD-SNB is a swan neck bracket which allows you to mount a variety of domes onto a wall (corner mounting when used in combination with TVD-M-CMA) or onto a pole when used in combination with the TVD-M-PMA.

The bracket's rugged and waterproof design allow you to install it both indoor & outdoor.

Additionally to its mounting function, the bracket provides efficient cable management for the camera used.

Please consult the technical information section for more information on compatible products.
